## BOOK SYNOPSIS

With all-new 3-D digital models, *The Planets* reveals the solar system from Earth to Mars and beyond in astonishing detail. DK has commissioned a unique model of each planet that can be viewed from any angle and layer by layer. Closer views are provided by 3-D terrain models that take the reader on a trip to the surfaces of the rocky planets. Timelines track our relationship with each planet, while infographics present facts in a fresh, colorful way. Awe-inspiring and informative, *The Planets* is the definitive guide to the solar system.
